

drains or other improvements on a map, drawings or aerial photograph to a suitable scale.

(2) A general delineation of the boundary of the area affected, with the general location in the county indicated.

(3) A general delineation of the boundaries of the lands within the area owned by each individual assessed, with an estimate of the acreage which each contains.

(4) The dimensions and profiles of the proposed ditches or drains or other improvements.

61.

The county commissioners shall at their first meeting[,] after receiving such report from the drainage viewers, examine it, and if it is found not to be in due form and in accordance with the law it shall be referred back to the drainage viewers to be corrected and returned to the county commissioners at a subsequent meeting. If the report is found to be in due form and in accordance with the law the county commissioners shall appoint a day for a public hearing upon the report and petition and shall give not less than thirty days' previous notice of the time and place of the hearing, by notice published in a newspaper or newspapers published in the county or counties in which the lands affected are located, and by a written or printed notice mailed to each person named in the report. A COPY OF THE REPORT SHALL BE SENT TO THE STATE SECRETARY OF AGRICULTURE AND TO THE STATE SOIL CONSERVATION COMMITTEE. During this time a copy of the report shall be on file in the office of the clerk of the county commissioners, and shall be open to the inspection of any landowner or other person interested, and the notices shall so state.

74.

The board of county commissioners shall deliver to the board of managers one copy of the report and map of the drainage viewers as confirmed by the board of county commissioners. They shall retain one copy of the [said] report and map in their official records and shall deliver the third copy of the report and map to the State [drainage engineer] SOIL CONSERVATION COMMITTEE.

75.

The board of managers [so elected or appointed, and their successors, so annually thereafter] SHALL call a meeting of the taxables on the second Saturday in January OF EACH YEAR. They shall give ten days' previous notice of the meeting by notices posted in four of the most public places in the vicinity of the drainage project, stating the time, place and object of the meeting. They may call a special meeting of the taxables at any time, for which notice shall be given as aforesaid, and in addition a
